Featured in this catalogue is probably the most comprehensive stock range of High Visibility Clothing GO/RT 3279 currently available in the UK.

The range (where applicable) has been the subject of EC Type Examinations to EN471: 2003, and carries the CE mark, as required by EC Directive 89/686/EEC, allowing the garments to be worn as an item of PPE, Personal Protective Equipment.

EN471:2003

There are 3 Classes of garments within this Standard, each Class giving the wearer a greater level of conspicuity when seen by the driver of a moving vehicle in both day and night time conditions.

Class 1 (Lowest) Eg: Over trousers

Class 2 (Intermediate) Eg: Waistcoats

Class 3 (Highest) Eg: Coats and Jackets with sleeves

This is achieved by the use of greater minimum areas of background and retroreflective materials in each Class.

CE Marking

The CE mark acts as a passport, enabling products to be sent without documentation from one member state, within the EU, to another.

Council Directive 89/686/EEC

This Directive defines the basic requirements of all PPE and calls upon harmonised standards "in order to facilitate proof of conformity".

The exclusive Hydra fabric range* is used on all GO/RT 3279 High Visibility garments

- Hydra-Flex
PU coated Polyester Knitted Fabric to ENV 343 also GO/RT 3279
- Hydra-Flo
300D PU coated Polyester to ENV 343 and GO/RT 3279. An extremely strong and hardwearing non-breathable fabric.
- Hydra-Flo Breathable
As Hydra-Flo but with a Breathable PU coating, to ENV 343 where the second number denotes its resistance to water vapour (the highest class) also GO/RT 3279
- Hydra-Matrix
300D PU coated Polyester Oxford to ENV 343 3:2 also EN533, EN1149 & GO/RT 3279
- Hydra-Glo
100% Warp Knitted Polyester, used on our standard High Visibility Waistcoats & Jerkins
130 g/m² minimum weight.
- *Carrington – Glowtex
275 g/m² 80% Polyester 20% Cotton to EN471 2003 and GO/RT 3279.

GORE-TEX®, GORE® and designs are registered trade marks of W L Gore & Associates

Straightforward Order & Delivery

We aim to fulfil your standard order within 48 hours, although printed items may take a little longer. And excepting fast-track special deliveries, all goods will arrive with no extra delivery costs as part of normal schedules.

Continuity and the Highest Quality Across The Range

Our products are fully accredited to the highest industry standards. We only source from quality world class manufacturers and continuity within the range is guaranteed every time. You can be secure in the knowledge that whatever you order is fully tested and provides a consistent appearance from your first order.

Full Printing Service

In an age of corporate continuity we can deliver garments to your printed specification. Your company's logo or wording can be applied within a number of options (see below), subject to full provision of suitable origination.

Please note printed items of clothing are subject to extended delivery times dependant on the complexity of the printing required.

We will print your logo or wording specifications - please select the option you require when ordering. A member of Unipart Rail staff will call to arrange for suitable origination material and any electronic copies of logos required. Please note that any additional costs of origination are not included within the standard price.

Competitive Cost

Whether your requirement is for budget level hi-visibility workwear, or indeed fully breathable and waterproof high quality Network Rail approved trackside garments and shoes, all of our ranges are competitively priced to make your health and safety finances stretch even further.

Additional Personal Protection Equipment Available On Request.

This catalogue contains a selection of garments and shoes designed for use within the rail industry. Please ask about the comprehensive range of other garments, shoes, and personal protection equipment available from Unipart Rail.
